# HAVEN

Venturing further into any wildlife habitat will eventually lead to areas that are seemingly impenetrable. It is in these places that only the most cunning of creatures such as the mountain lion and birds of prey can call home. With a watchful eye looking over your most prized possessions, the Haven series of safes, enhanced with fire and water protection and ultimate organization, brings you that much closer to total protection.

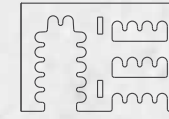

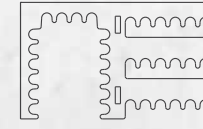

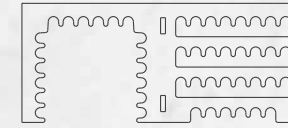

HAVEN

FIRE SAFE

Go away for a weekend and come back to a flooded basement or even worse get a frantic call from your neighbor letting you know your house is on fire. Rest easy knowing that a watchful eye is looking over your possessions. This safe not only sports increased steel thickness and bolt count, but fire protection for 75 minutes at a blistering 1400°F. All the while, our proprietary Triple Seal maintains a waterproof seal keeping your valuables dry for a full 7 days at a water height of 2 ft. A UL-rated power outlet allows the use of your favorite anti-humidity device. Your guns and accessories will never be more organized or accessible with the half U-shaped, half rack-style adjustable gun rests and deluxe style door organizer.

P R E S E R V E

Much like some African wildlife rely on controlled and protected areas for their species survival, the Preserve series of safes takes protection to the next level by adding the essentials of security; fire, waterproofing and increased organization. The Preserve series focused approach to weapon and valuables protection provides not only safety but peace of mind.

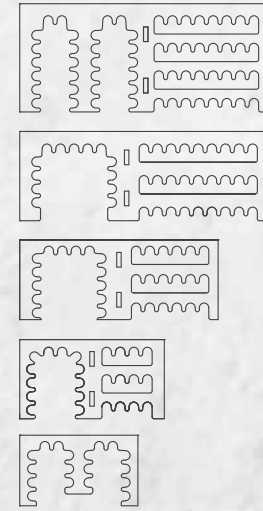

# PRESERVE

## FIRE SAFE

Step into total protection with a safe that is the first in its class to offer not only heavy gauge steel, 1.5" locking bolts, an impressive fire rating of 40 minutes at 1200°F, but also includes our proprietary Triple Seal making this safe waterproof for a full 7 days in up to 2ft of water. Your mind can be at ease knowing that your valuables are protected even if you come home from vacation to a flooded basement. Fully adjustable shelves and carpeted barrel rests enable you to safely organize your firearms. The full door organizer, fully carpeted shelves, E-lock and UL-rated outlet make this truly best in class at a price that will allow you to keep filling it.

# INSTINCT

Grizzly Bears are born with a hard-wired instinct to defend their territories and above all, protect their young. This innate protective nature has inspired the Instinct series of safes. Fully featured to protect against fire and theft this line of safes provides the tools to instate our instinctive responsibility to protect our homes, families, and belongings.

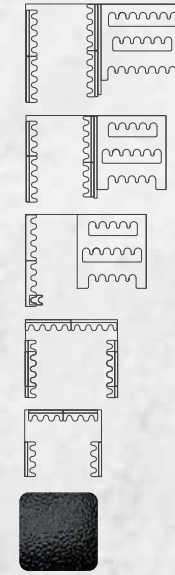

# INSTINCT

FIRE SAFE

When you have a feeling that simple security for your valuables is not enough, the instinct line of safes introduces additional protection from both theft and fire, boasting a 30 minute rating at 1400°F. A fully programmable e-lock engages with five 1" bolts and can be combined with the included bolt down kit to ensure your valuables are always under a rock-solid defense. A fully carpeted interior with a combination of fully carpeted adjustable polymer barrel racks, with included scoped rifle standoffs, provides numerous options for a customized storage solution.

TACTICAL

In the military every precaution is taken to assure the safety of its equipment and personnel. This is most evident in fortifying a landing zone, commonly known as an "LZ". The Tactical LZ series of tactical gun safes provide total flexibility, accessibility and protection for both your weapons and your gear.

TACTICAL

**FIRE SAFE**

Building a personal defense strategy is not an easy task and certainly not a cheap one. Protect your investment and your family with the Tactical LZ series of safes. Designed around the premise of form follows function, organization and at the ready storage takes center stage. Movable elastomer coated wire gun rests and plastic hanging accessory totes give endless configuration options. Reinforced and adjustable shelves can hold any size of accessories or ammunition. The doors molle panel also allows for an array of molle style accessories to be used in conjunction with the removable handgun holsters. Door mounted long gun slots on the door panel make quick access to your most trusted shotgun or MSR in a time of need. With a fire rating of 40 minutes at 1200°F and being waterproof for 7 days in up to 2ft of water this impressive package is a must have for any tactical enthusiast.

TACTICAL LZ FIRE SAFES

# JOURNEY

Many animals migrate vast distances in search of food, shelter and security. Many sportsmen and homeowners will do the very same thing when it comes to protecting their valuables. Solid bolt construction along with carpeted interior and shelving make the Journey series of safes a great jumping off point for those seeking total protection.

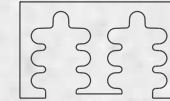

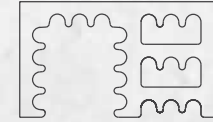

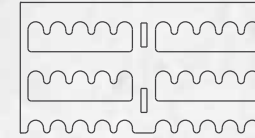

# JOURNEY

## SECURITY SAFE

Your grandfathers wooden and glass gun cabinet is not going to protect your investment or family properly, so take your first step into total protection with the Journey security safes. These safes provide the same heavy gauge steel and solid locking bolt construction that our fire safes employ just without the added weight and cost of fire protection and waterproofing.

An Electronic lock and drop handle allow quick and easy access to all your valuables. A fully carpeted interior and anti-theft alert system make this the perfect safe for a family looking to secure those hunting rifles and ammunition.

## SECURITY CABINETS

In life we have a primal instinct to protect what is ours. Security cabinets are where many start their quest for weapon and valuables security. This is a great entry level product for new consumers but also provides flexible and affordable storage options for the most discernible weapons owner. Designed with optimal door sizes and a three point locking system, storing your weapons has never been safer or easier. Each cabinet has a configurable interior and can also work in conjunction with the other pieces in the cabinet line to build a complete storage system of your own. Available in both gun and ammo cabinets

### FIREARM STORAGE

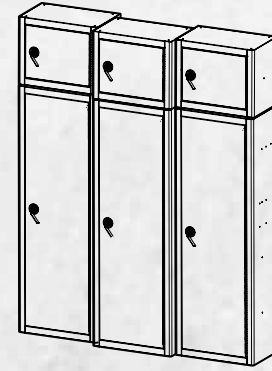

- Dual height barrel rests accommodates rifles, long guns and AR's
- Specialty barrel rest for scoped rifles

### LOCKING SYSTEM

- Standard 4pt locking system
- Industry standard, 19g CR steel
- Securable to ground and back wall with included kit
- California DOJ approved

### Combine units to create your custom storage solution

Secure, Dependable, and always ready. The Home Defense Quick Access Vault line allows you to quickly react in situations where every second counts.

HOME DEFENSE

### QUICK ACCESS VAULTS

When you need secure, dependable, and at the ready storage for your handguns and valuables look no further than the Home Defense Quick Access Vault lineup. Speed of entry is guaranteed through a simple 4-digit keypad and spring loaded door, so you are always prepared when something goes bump in the night. Accessing your firearm in the dark was also top of mind in the vault's design, hosting a fully illuminated touch pad and illuminated interior for simple and efficient nighttime entry.

# Sanctuary

Sometimes one level of protection is just not enough. Like a white tails' bedding area is located deep within a thicket inside their home range, the Sanctuary series of home and office safes assures protection for even the most valuable of documents and collectibles by providing the very best options for both fire and water protection so you can rest easy.

# Sanctuary

## EXECUTIVE SAFES

Not only gun collectors need full size fire safes. Whether you are a collector of comics, coins, fine jewelry, or just need an extra secure place for documents and media, the Sanctuary Series features a fully insulated interior fireproof cabinet that provides increased protection for even the most valuable of items. Truly a safe within a safe. Featuring heavy gauge steel casing and large 1.5" locking bolts, this safe shines in fire protection with a fire rating of 75 minutes at a blistering 1400°F for the main area and 120min for the interior cabinet. In addition, our proprietary Triple Seal maintains a waterproof seal for a full 7 days in up to 2ft of water, keeping your valuables safe and dry even if you come back to a flooded basement after a family vacation. No detail has been overlooked; this series features a UL outlet and deluxe door organizer with insulated document pockets.

DIAMOND

## HOME & OFFICE SAFE

Don't own a firearm? That's okay, not only firearms need protection. The Sanctuary Diamond line of home safes is designed specifically to protect all of your precious documents such as birth certificates, house deeds, passports, jewelry, coins, or media in these heavy-duty gauge steel and full 1" locking bolt safes. Bolt this safe down to the floor or wall with the included bolt down hardware to ensure you don't return home from vacation to your valuables missing. With the 60 minutes at 1400°F fire rating and solid polymer water seal, you can be assured your important documents and valuables are no longer at risk on your desk but are safely stored away.

# Sanctuary PLATINUM

## HOME & OFFICE SAFE

For the homeowner looking to take security for precious documents and valuables to the next level, The Platinum line of home safes provide the ultimate assurance against theft and disaster. The Platinum line's first-class security is reinforced by heavy-duty gauge steel, 1.25" locking bolts, and included waterproof bolt down kit. An illuminated e-lock to ensure easy entry even in dimly lit areas. A 60-minute fire rating at 1800°F and 7-Day Water Protection ensures your passports, birth certificates, jewelry, and other valuables are always protected from disaster.
