!! UPDATE !!

The ATF is actively trying to ban AR and AK pistols by wrapping them up under the NFA using a points system.

There were over a QUARTER MILLION comments on this proposed ban! That is huge, and the ATF has filed an extension of time to go through these comments. Commenting is closed, but expect to hear about this in the coming months!

- IMPORTANT -

In an attempt to further erode our Second Amendment rights, this past year, the State Legislature passed and Governor Polis signed SB 256 (as outlined in our attorney's Legislative Update, viewable [here](#)). This new state law grants local governments (Cities and Counties) the authority to add more restrictive local gun laws to the books.

This November there is an important city council election right here in Aurora, [ballots will be sent to voters beginning October 30th](#). Make no mistake, the protection of the Second Amendment is on the ballot.

There are two candidates running for the two open City Council At-Large seats who will be unwavering supporters of the Second Amendment. They have committed to fighting any and all attempts by the City Council to take gun rights away. [Dustin Zvonek and Danielle Jurinsky](#) are the only two candidates of the six running in the [At-Large](#) race we can count on to protect our freedoms.

Local elections historically have low turnout, let's not allow our rights to be taken away. When you get your ballot [vote for BOTH Dustin Zvonek and Danielle Jurinsky for Aurora City Council](#).

Stay vigilant, and as always, I appreciate your patronage, and look forward to seeing you again!
